

Psychic Power

~~THE PSYCHIC SENSE, by Phoebe D. Payne and Laurence J. Bendit (Dutton). One of the authors of this little book is clairvoyant. The other is a psychiatrist. Both agree that such a thing as psychic powers exists. Their argument is persuasive, but it's still a matter of opinion.~~

Maligned Wilde

OSCAR WILDE by Andre Gide (Philosophical Library). Here is the first authorized American translation of Gide's memoir on the much maligned, much admired Irish dandy intellectual. A vivid and persuasive profile of a rather great figure.
